

CASE STUDY

25 Neal Street

Brief

Located within the heart of Covent Garden, our works to this property involved the change of use and refurbishment from a commercial studio space to form a new, two bedroom residential apartment.

Project info

A bespoke kitchen, refurbished feature windows and new balustrading.

Works included the reconfiguration of the space, inclusive of opening up the ceiling to full height within the main living area. Bespoke elements included a new kitchen, bathrooms and joinery throughout.

Externally we installed new roof coverings and refurbished the existing feature windows. Our works also included the refurbishment of the common part areas, including new balustrading, flooring and an access control system.

VALUE	£265K
